

## Sai Baba's Unique Teachings

- Look to me and I will look to you. TRUST the GURU fully. That is the only Sadhana. Guru is all Gods.
- I will not allow my devotees to fall. Night and day, I think of my people.
- Sit Quiet. I will do the needful. I will take you to the goal.
- I will never leave any one in the middle.
- All that you see taken together is Myself, he who thinks that BABA is only at Shirdi has totally failed to see BABA
- Whatever you do, do thoroughly, else do not undertake.
- One has to implicitly obey the guru's order, both in spiritual and wordly matters.
- "What God gives is never exhausted and what man gives never lasts!"
